***ISFR Telluride***

***January 26 – February 2, 2019***

**The International Fellowship of Skiing Rotarians is a great Rotary Fellowship, full of fun and good friends. Being good Rotarians, however, we also put “Service Above Self”.**

**It has long been the aim of this organization to support programs for skiers with disabilities through our charitable Davis Boyd Memorial Foundation (named for the ISFR’s first president).**

**To celebrate and promote this activity, this Fall issue of the Snow Line features the DBMF with the following report:**

The Davis Boyd Memorial Foundation (DBMF) Board of Directors is pleased to report on the activities of the foundation over the past year. First, our fundraising during the 2018 Ski Week in Snowmass yielded approximately \$25,000 for the foundation, and additional amounts were raised directly for Bridging Bionics and the Brian Andersen Scholarship Fund (more on that later).

The Board awarded \$17,000 USD to Challenge Aspen to advance their adaptive ski program, and \$3,000 to the Bridging Bionics Foundation (please visit [www.bridgingbionics.org](http://www.bridgingbionics.org) to

experience the extraordinary work “CNN Hero” Amanda Boxel is doing). In addition, the Board awarded \$2,500 to sponsor the Adapted Ski and Ride Summit a program devoted to “training trainers” held at Mount Hood Oregon in June at the end of the ski season.

In late 2017, the DBMF Board created the *Brian Andersen Scholarship Fund*, in memory of our ISFR & DBMF co-founder. Thus far, \$4,500 of our \$10,000 goal has been met, and will be matched by \$10,000 from our endowment to support adaptive ski program tuition for worthy individuals. Please consider making a gift to the DBMF to continue Brian’s legacy (please note the purpose as Brian Andersen Scholarship Fund so your donation will be properly categorized).

A number of ISFR members have had fundraising success on behalf of DBMF within their respective Rotary Clubs, as evidenced by the \$3,000 that was raised by only four individuals for the 2018 “Burn the Burn” challenge. We have developed an informative Power Point presentation on the ISFR fellowship as well as DBMF that is for club presentations. Please consider making a presentation to your club to leverage our fundraising efforts – contact president Jeffrey Penza ([jpenza@penzabailey.com](mailto:jpenza@penzabailey.com)) if you are interested in getting a copy of the PowerPoint.

The Board of Directors is pleased to welcome two new members to the Board of Directors: Mark Dent (Baltimore, MD) as Assistant Treasurer and Bruce Grossman (Harrisburg, PA) who is helping with legal matters, including the updating and restating of our By-laws. We give our heartfelt thanks to Jim Tomlin who stepped down this year after serving for many years on the Board, including President, Treasurer, Secretary and chief bottle washer!

The trustees greatly appreciate your support of the DBMF, and we look forward to seeing you all at Telluride in 2019!
